Dear [REDACTED]

Thank you for your letter of 1 February returning the letter varying the terms of your licence to allow you to carry out propagation experiments in the 50-52 MHz band.

As you may have heard subsequently, the BBC are not broadcasting Breakfast TV in Band 1, and I am therefore returning your letter of authority in the hope that you will be able to continue/commence your propagation experiments.

The BBC has advised us that it would be wise for the amateurs afforded this privilege to check transmitting times in their local newspapers or the Radio Times; 'outside of UK Broadcasting hours' would be from closedown until the end of Breakfast TV transmissions.

If I can be of any further assistance, please do not hesitate to contact me.

Yours sincerely

G L SOPER
